

From the bus stop *Sahlgrenska Huvudentré*, cross the road and take the stairs up to *Medicinaregatan*. Alternatively, you can walk via *Per Dubbsgatan* and *Gudhedsgratan*, turn left twice continuing up to *Medicinaregatan*. From there, there are two ways to reach *Natrium*:

Option A: Continue along *Medicinaregatan* until you see a pedestrian bridge and a set of stairs on your right. Take the stairs and enter the building. Inside, turn right, then left, and follow the corridor until you see the restaurant *Salt och Syra* on your right-hand side. Turn right after the restaurant to enter *Natrium*.

Option B: Continue further up the street until you reach a parking area. Walk toward the large brown building, which is *Natrium*. Turn left where the bicycles are parked, then turn right and enter the building.
